

Spanish lessons via Skype/Zoom by Instituto Andalusi de Español 2023

We would like to introduce a new initiative to you, which we offer since 2016 to motivate yourself and support your studies: **Spanish lessons via Skype/Zoom.**

These lessons give you the opportunity to improve or maintain your level of Spanish even after you have returned to your residence country. This way you will be able to take part in classes from your home.

All you need in order to take part in the course is a Skype/Zoom account, a microphone and a webcam (optional). Our Spanish course via Skype/Zoom offers you the opportunity to have individual classes with teachers you are already familiar with, if you have been with us before or will get to know during your future lessons.

What are we offering you via Skype/Zoom?

- 50 minutes of individual lessons
- Native teachers from Spain
- Personalized attention
- A program, adapted to your needs
- Convenience of learning from your home or office
- Flexible hours that will be adjusted to your needs
Classes are available from Monday to Friday, from 8.30 a.m. until 20.00 p.m.
- Course and extra materials for self-study

What kinds of courses are available on Skype/Zoom and who are they suitable for?

The Spanish courses via Skype/Zoom are individual lessons, in the form of correspondence courses that are suitable for those who wish to improve their knowledge of Spanish from their residence. These courses will be delivered by our native teachers, who are specialized in teaching Spanish to foreigners and will be operated from Malaga, where our language school is located. Our teachers are an ideal option to help you solve individual problems in any situation (for example a business trip or a personal interview), as well as prepare you for a Spanish exam (for example DELE, ABITUR). Thanks to our courses you can be ready for the upcoming situation.

Our courses and their details

There are different types of courses and you can subscribe for as many courses as you want or need (it's possible to combine several courses):

- Grammar lessons
- Conversation
- Preparation courses for the Spanish Exam DELE (Instituto Cervantes)
- Special courses: Business Spanish, teacher courses for non natives (ELE)

How are the lessons organized?

The aim of our lessons is to make every student feel comfortable while using Spanish in different situations. For this reason, we adapt our classes to your needs and requirements.

To enable you to speak fluently, we help you to expand your vocabulary and speech comprehension as well as your pronunciation, through conversations and exercises.

Homework

Homework is assigned after every lesson to give you the chance to recapitulate, practice and strengthen the content of the lessons.

Classes and teaching material

The classes are organized via Skype/Zoom and therefore, it is necessary that you have access to Skype/Zoom.

After the registration, you schedule the hours of the course with the teacher. Every lesson lasts 50 minutes and we recommend you to do at least one unit every week.

We send you the material by e-mail. In case you need other kind of material, you have to pay for that apart.

Validity of the vouchers

At the beginning of the course, you arrange with the teacher the times and the frequency of the lessons. Regarding the vouchers, it has to be noted that they have an expiry date. You have to participate regularly. In case you don't show up for a month, Instituto Andalusí has the right to cancel the course without refund for the student. It is compulsory to attend the lessons if the course is paid.

Cancellation of lessons

In case you cannot participate in one of the lessons, we kindly ask you to send us an e-mail at least 24 hours before the start of the lesson to info@instituto-andalusi.com. Please note that your notification has to reach us during our opening hours (Mondays to Fridays from 8.30 a.m. – 17.00 p.m.).

If the lesson is cancelled more than 24 hours before the start of the lesson, it is possible to rearrange the class on another day, in agreement with the appropriate teacher. Please note that the lesson expires and cannot be repeated if you inform us about the cancellation less than 24 hours before the start of the class. The same happens if you are still not online on Skype ten minutes after the start of the lesson; in this case we consider the lesson done.

We would like to inform you that we cannot return your money in any of the cases listed above.
